

Course-Source Vendor Information

EssentialSkillz

EssentialSkillz is a leading supplier of world-class online Health & Safety training and risk assessment software. Their suite of safety e-learning training courses cover key Health and Safety topics including: Workstation Ergonomics (DSE), Manual Handling, Fire Safety and Evacuation, Risk Assessments, Safety Induction, Stress Management, Safety for Line Managers, Environmental Awareness, Dangerous Substances, Electrical Safety, CPR Essentials and Food Hygiene.

Tony Dervan, who had previously worked on several multi-million dollar e-learning titles for Microsoft Interactive Press in Seattle, founded Scilearra Teo was founded in September 2001. Scilearra Teo identified Health & Safety compliance as a niche area for e-learning growth and spent time developing a range of titles that were supported by a Learning Management System. In 2003 Scilearra Teo was re-named EssentialSkillz.

Pricing

Course-Source Ltd and EssentialSkillz offer a unique unit based pricing model, where 1 learning unit purchased is equivalent to both 1 course and 1 learner. The organisation can then utilise those learning units in whichever configuration it decides upon. This means you only pay per user, on a needs only basis – no software licence costs or capital purchase and we've built in monitoring, reporting and marketing facilities for free. Pricing is shown below.

		Pricing per Unit Purchased									
		1-9	10-24	25-49	50-99	100-249	250-499	500-999	1000-2499	2500-4999	2500+
